Come Dine

Could you host an evening for you and your friends to raise funds to help

Together Making a Difference

Most of us have seen Come Dine with Me. This is your chance to have fun with friends and raise money for a good cause.

There are no rules to this, so you can host your dining event however you want - anything goes!

What for?

Together Making a Difference was registered as a charity in March 2015. Following a Jersey Overseas Aid Community Project to Bangladesh this year, our Charity is keen to provide a formal primary school to a rural community so as to enable the vulnerable children in this area to have regular and consistent education. This project is to build a three classroom school in this rural area. There are one hundred and sixty children currently in need of an education.in this area. We are hoping that the children will be able to have a school for the beginning of 2016. Can you help?

Come Dine for -
Together Making a Difference ...

When ? During July and August 2015

How much?

We need to raise a total of £9,000 to cover the three classrooms of the new school. Can you help us?

How it works?

Let us know that you want to hold an event ... then

- Invite some friends to the event
- Choose a theme (if you want) and prepare a tasty meal
- Invite guests to give a donation to Together Making a difference, (maybe what they might of spent on a meal out but we suggest a minimum of £10).

After the event:

- Send a cheque payable to Together Making a Difference (Petit Menage, Mont Les Vaux, St. Brelade JE38AF)
- Remember to send or email us some photos! If it goes well, why not ask your guests if they would host a follow up evening/event.
